

Sports Mouth Guards aim to protect teeth, prevent serious dental and facial injuries & **reduce the risk of concussion**. Store-bought mouth guards seldom fit properly or absorb shock adequately. Our **SNUGFIT Mouth Guards** are made of high quality EVA (latex free) and offer superior protection, are comfortable to wear, and enable easier breathing & speech. We can make them to fit over braces / fixed orthodontics.

Visit SnugfitMouthGuards.co.za or our Facebook page for gallery pics.

Please send completed form to info@snugfitmouthguards.co.za
